### AFSC SPECIALTY SUMMARY

Manages and performs activities within fixed ground, mobile and airborne command and control (C2) facilities such as installation and expeditionary command posts (CP), operations centers, rescue coordination centers, and Combatant Command and Major Command (COCOM/MAJCOM) command centers. Provides command, control, communications, and information support throughout the full spectrum of operations to include peacetime, emergency and disaster situations, crisis, contingency and war. Receives and relays C2 instructions and records; collects, processes, and submits manual and automated data products. Disseminates time-sensitive critical information to senior leaders and support agencies. Establishes procedures for operational reports and defense readiness reporting systems. Reports international treaty compliance information. Uses communications systems and consoles to affect positive control of assigned forces and weapons systems. Supports chemical, biological, radiological, nuclear, and explosive (CBRNE), and conventional warning and reporting activities. Ensures compliance with operations center and C2 Operations policies and procedures. Related DoD Occupational Subgroup: 125000.

### AFSC DUTIES & RESPONSIBILITIES

Performs C2 actions to support Homeland Security, National Defense, and Air Force operations. Provides C2 of worldwide nuclear and conventional forces supporting Emergency Plans, Operations Orders, and Operations Plans. Facilitates C2 in support of the Installation Emergency Management (EM) Program. Coordinates actions to ensure prompt response during EM operations including immediate mobilization of resources and participation of agencies and organizations. Receives, processes, and disseminates emergency action messages via voice and record copy systems. Encodes, decodes, and transmits and relays presidential decisions to execute and terminate nuclear and conventional force operations. Relays C2 instructions for diversion, recall, evacuation, recovery, and reconstitution of forces. Coordinates and executes search and rescue activities. Coordinates with other agencies and organizations during planning, executing, and evaluation phases of C2 operations. Initiates, receives, and takes action on alert messages. Flight-follows and manages aerospace resources and monitors mission status to include aircraft, aircrew support, transportation, maintenance support, fleet services, and passenger and cargo support. Monitors aircraft movement and relays information to and from aircrews. Coordinates mission delays with installation and external agencies. Monitors status of launch and space assets. Monitors status and location of key personnel, such as group commanders and above, to facilitate immediate communications with higher headquarters when necessary. Ensures proper use and control of resources and classified material. Develops and evaluates C2 Operations processes. Performs self-assessments. Ensures operational readiness and adherence to standards. Recommends actions to correct C2 Operations procedural deficiencies. Maintains and disseminates local and worldwide current and forecasted weather to include watches, advisories and warnings to installation populace and aerospace resources. Ensures existing directives for executing and controlling assigned forces are understood and properly applied.

Prepares and submits operational, defense readiness, international treaty, and aerospace asset reports. Analyzes and disseminates information derived from operational and defense readiness reports. Establishes procedures for operational and defense readiness reporting to include developing procedures, maintaining databases, training personnel, and conducting staff assistance visits. Ensures reported data is current and accurate.

Operates and monitors voice, data, and alerting systems. Develops operating instructions directing CP and lateral agency C2 activities. Develops, maintains, and initiates quick reaction checklists supporting situations such as suspected or actual sabotage, nuclear incidents, natural disasters, aircraft accidents or incidents, evacuations, dispersal, and aerospace anomalies. Receives and disseminates time-critical information to and from the commander to internal and external agencies during daily operation, natural disasters and wartime and contingency operations to affect positive control of assigned forces and weapons systems. Coordinates actions to ensure prompt response during disaster operations (pre, trans, and post), including immediate activation and recall of all resources and participating agencies and organizations. Monitors actions to preserve life, minimize damage, and restore operations following natural disasters (trans and post), accidents, wartime attacks, and military operations other than war. Coordinates, directs, and monitors actions to allow continuation or restoration of vital functions and operations. Maintains operational status displays. Maintains proficiency in C2 systems and aircraft flight following and mission management systems such as, but not limited to, Unit Level/Command and Control (UL/UC2) Systems and Global Decision Support System (GDSS). Establishes manpower, communications, equipment, and facility requirements.

Maintains Communications Security (COMSEC) to include receiving, safeguarding, utilizing, inventorying, issuing and destroying COMSEC material. Maintains C2 Operations personnel, information, operations, computer, emission, industrial and physical security programs.

Performs administrative actions. Compiles and maintains entry authority list. Coordinates and provides input to installation support plans. Maintains directives and daily events log.
